

EASY Co-Q-10 Softgels 50ct

Manufacturer: Pure Herbs, LTD.

Below is about historical observations and historical data relating to herbs. This document is not intended to be a substitute for medical advice by license physicians. All readers should consult a physician regularly in all matters related to medical problems. This includes the diagnoses and treatment of disease and all other physical and mental conditions.

EASY Co - Q - 10A vital enzyme helper* 50 mg50 Softgels MORE ENERGY, STRONGER HEART, EASIER BREATHING, IMPROVED MEMORY, MENTAL CLARITY AND QUALITY OF LIFE If you are looking for any or all of these results then do try Co-Q-10 (Co-enzyme-Q-10). This is an oily, waxy fluid that the healthy, energetic liver normally makes to fan the flames of energy production in every cell of the body. Do you remember when you had enough energy to skip along the sidewalk and not get tired? There was a reason for this. Your liver was probably in pretty good condition and made plenty of Co-Q-10. But livers can get "dirty" and "lazy." Poor diets can starve the liver. Pollution can dirty the liver. Drugs can stun the liver and drugs that lower cholesterol can work directly to reduce Co-Q-10 production. The job of Co-Q-10 is to combine oxygen with the digested food you eat and burn it to release energy. Each cell in the body contains little "furnaces" called mitochondria (my-toe-kon-dree-uh) that do this. You could say this is the place where the body's life energy is generated. But how can we replace the Co-Q-10 until the liver can be restored to youthful vigor? Fortunately we can produce a very active source from the fermentation of sugar beets and sugar cane. With this we can help put the "breath of life" back into the organs and glands of the body so they work better. Consider this, the brain, heart and lungs must work all the time. The brain by itself can use up to 20% of the body's oxygen. You can see what extra oxygen and energy can do for these vital areas. Co-Q-10 protects the "brain and nerve juice" called neuro transmitters (new-row-trans-mitters) so the brain cells and nerve cells can talk to each other. Thinking is clearer and memory is activated. Hearts thrive on the extra oxygen and energy Co-Q-10 brings to them. The heart responds by pumping more blood with less effort and plaque (plak, trash) does not build up in arteries, the lungs fill and empty easier and life is good again. And one day, with continued Co-Q-10 use, you may want to skip on that sidewalk again. As an added benefit, Co-Q-10 actively eats up the poisons that form when you burn energy or old cells die off. These poisons are known as "free radicals." Because Co-Q-10 can destroy these poisons it is called an antioxidant (anti-ox-uh-dent). This enables Co-Q-10 to protect the brain, heart, lungs and the rest of the body from damage. It is no wonder some users of Co-Q-10 say they notice marked improvement with blood sugar problems and shaking and wasting disorders of the nerves and muscles. You may hear a lot of different conditions clear up and that life is worthwhile again. Note: Use Co-Q-10 for at least three weeks to get the body cells primed before you see the maximum energy lift begin. EASY Co-Q-10 is called EASY because it is so easily absorbed and it is up to two and a half times more effective than most other offerings on the market. EASY Co-Q-10 contains no titanium dioxide to cover up spoilage. EASY Co-Q-10 is not the inactive crystal form you may find elsewhere. EASY Co-Q-10 is the active form called oxidized ubiquinone (ox-uh-dized U-bik-qwee-known) which the body can use more easily. In short, EASY Co-Q-10 does the job easier and better and more efficiently. Supplement Facts Serving Size 1 Softgel Amount Per Softgel CoQ10 (ubiquinone) 50 mg* *Daily Value not established Other ingredients: Conjugated Linoleic Acid, Flaxseed Oil, Monoglyceride, Gelatin, Glycerin, Purified Water Directions: Take one to two softgels each day with meals or as directed by your health care practitioner. Easy Co-Q-10 utilizes a special patent pending system of activated carrier oils so it is up to two and a half times more absorbable than other types of Co-Q-10. Co-Q-10 is known to be a vital compound to activate up to 95% of the body's cellular energy. Heart and blood vessels and many other body structures could benefit from Co-Q-10 activity.* Easy Co-Q-10 contains no titanium dioxide to cover up spoilage. Easy Co-Q-10 does not contain inactive crystal forms of Co-Q-10. This product is guaranteed to be free of wheat, gluten, corn protein, yeast, artificial colors, sweeteners or preservatives. This product contains soy. Storage: Variations in temperature may cloud softgels. This does not affect the formula's efficiency or safety. Do not refrigerate. *These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
