Eyebright Extract 4 fl. oz.

Manufacturer: Pure Herbs, LTD.

Below is about historical observations and historical data relating to herbs. This document is not intended to be a substitute for medical advice by license physicians. All readers should consult a physician regularly in all matters related to medical problems. This includes the diagnoses and treatment of disease and all other physical and mental conditions.

EYEBRIGHT - Traditionally used to correct vision and strengthen eyes.* Cleans eyes and sinuses, delivering rich oxygen supply to the entire head for healing and correcting functions. This extra lift of oxygen can often times correct depression when it is due to hypoxia (oxygen starvation). One of the ways Eyebright does this is by increasing the peripheral circulation (blood vessels near the surface of the body). Eyebright achieves this due to its abundant supply of the Vitamin B known as Niacin. As it does its work, Niacin can produce a beneficial "purple tingly blush". Eyebright is an organic source of the mineral element silicon, which among other things, builds strong nerves. Eyebright contains a surprisingly large amount of the organic form of this mineral element, silicon. This may well explain the way Eyebright corrects some problems, by first strengthening the nerves that service the area and then repair can take place. Eyebright can be taken effectively for cough, hoarseness, earache, headache, for irritating discharge of mucus from eyes, sinuses, nose, throat or bowel for relief. If the mother-to-be is exposed to measles, give Eyebright to mother-to-be and prevent deafness in the child to be born. Rub into abdomen liberally and apply to the length of the spine several times per day until all threat of harm is passed. Avoid chilling while doing this.* DOSE:40 drops 3 times per day. Also, liberally rub on or around areas in trouble, several times per day. For example, whooping cough, rub on chest and back hourly as needed, while wake, till well.* For correcting eyes, rub on temples, sides of nose and under eyes, 3 times per day until it is corrected. 80 drops or more, as needed, to improve peripheral circulation.*This product has not been evaluated by the Food and Drug Administration.
