Bayberry Extract 4 fl. oz.

Manufacturer: Pure Herbs, LTD.

Below is about historical observations and historical data relating to herbs. This document is not intended to be a substitute for medical advice by license physicians. All readers should consult a physician regularly in all matters related to medical problems. This includes the diagnoses and treatment of disease and all other physical and mental conditions.

BAYBERRY- is the old dependable workhorse for cleaning sinuses and granting relief to pressures and pains in the head caused by the sinuses. In times of emergency for relief of sinus blockage, the powder can be sniffed into both nostrils. Although the effect may startle a person, it is effective within seconds to relieve the blockage. A mixture of Bayberry, Goldenseal, Chickweed and Vitamin E oil together made into a paste and placed into the ear will correct a wide range of ear problems including loss of hearing, infections, pains, nerve damage and earache. The esteemed Greek physician Claudius Galen recognized Bayberry to drain acids and mucus from the brain through the tear ducts. Bayberry aids digestion and removes morbid disease-nourishing material from the alimentary canal. It is a good gargle for sore throat or spongy, bleeding gums. It is a remedy for blood from the lungs, in the stool or bleeding from the uterus. Bayberry is a deobstruent and has no patience with debris that would block its function. Apply directly to old and hard-to-heal sores.* DOSAGE: 30 to 60 drops three times per day as needed for sinus problems and persist until liquification and completion of draining occurs. This may take days or weeks as some sinus congestion is like layers of varnish and the sufferer is unaware of the problem. When sinuses are cleaned, vision often improves. PARTS USED: ROOT BARK. SOURCES: Alma R. Hutchens, "Indian Herbalogy of North America;" Dr. John R. Christopher, "School of Natural Healing;" Dr. Eugene C. Watkins, "Get Well With Natural Remedies."**This product has not been evaluated by the Food and Drug Administration.
