## **B & NC-W (Brain and Nerve Cocktail) 4 fl. oz.**

Manufacturer: Pure Herbs, LTD.

Below is about historical observations and historical data relating to herbs. This document is not intended to be a substitute for medical advice by license physicians. All readers should consult a physician regularly in all matters related to medical problems. This includes the diagnoses and treatment of disease and all other physical and mental conditions.

B.& N.C.-W (Brain and Nerve Cocktail) - Use to feed and repair the glands in the brain, (pituitary, pineal and hypothalamus, as well as the brain itself) and the autonomic nervous system (involuntary nervous system composed of its two divisions, the sympathetic and parasympathetic nervous systems). In the eye, the autonomic nervous system is shown as a ring (the "autonomic nerve wreath") about a third of the way out from the pupil toward the edge of the iris (brown or blue part of the eye). This combination of herbs provides Alfalfa to clean and feed the pituitary, Barberry for the hypothalamus, Chamomile for the pineal gland, Gotu Kola (does not contain caffeine) for the entire brain and memory, Parsley for the involuntary nervous system and Black Walnut with its cleaning and corrective electrical properties for all of the nerve tissues. If you don't know what else to do, clean the blood and the bowel. Clean and nourish the nervous system and repair it at the same time. The brain and nervous system function better when they are clean and nourished. You feel better. People seldom eat any food for the purpose of a body part or parts. They eat their food with their tongues and eyes. You can be different and consciously eat something just for your brain and nerves. B.& N.C.-W can also be of assistance in getting off of drugs.\* COMBINATION:Alfalfa, Barberry, Black Walnut Hulls, Chamomile, Gotu Kola, Parsley, Scullcap. DOSE:40 drops, 3 times per day. Also rub on temples, around the ears and back of the neck in quantities needed, 3 times per day.
