Echinacea/Golden Seal (100 Caps) By Nature's Sunshine

Manufacturer: Nature's Sunshine

Benefits:

Activates the immune system.

Strengthens immune response.

Beneficial during times of seasonal change.

How It Works:

Members of the Echinacea genus contain polysaccharides, alkylamides, polyenes and glycosides that promote the optimal function of the immune system. Several studies suggest that echinacea contains active substances that enhance the activity of the immune system and have antioxidant activity. Goldenseal root contains the powerful alkaloids berberine and hydrastine.

Ingredients:

Echinacea purpurea aerial parts, E. angustifolia root, goldenseal root extract and rhizome.

Recommended Use:

Take 2 capsules with a meal three times daily. NOTE: Pregnant or lactating women should not take goldenseal.
