doTERRA On Guard Natural Whitening Toothpaste

Manufacturer: dÅ•TERRA

doTERRA On Guard blends Wild Orange, Clove, Cinnamon Bark, Eucalyptus, and Rosemary essential oils to provide an extra cleaning boost. Additional essential oils like Peppermint and Wintergreen, as well as the natural sweetener xylitol, give this toothpaste a unique cinnamon-mint flavor that leaves your breathâ€”and toothbrush!â€”fresh and clean all day.

Hydroxyapatite is a natural oral care ingredient. Experimental research indicates it can help remineralize and restore tooth enamel. To keep your teeth healthy and free of cavities and enamel erosion, the enamel needs to be constantly built back up or remineralized. Hydroxyapatite helps make your teeth feel stronger, smoother, healthier, and less sensitive to hot or cold.

Hydrated silica helps remove tooth stains, but itâ€™s gentle enough to avoid damaging tooth enamel.

What do we mean by â€œnaturalâ€•? We mean the doTERRA On Guard Natural Whitening Toothpaste is formulated:

With primarily naturally derived ingredients*

Without saccharin, aspartame, sucralose, sodium lauryl sulfate (SLS), titanium dioxide, fluoride, or artificial colors or flavors.

*Using ISO standard 16128
