CLOVES (Extract) - Is made from the unopened flower bud or "whole clove", not powdered cloves. Tastes good, breath freshener, stimulating and aromatic. To alleviate toothache, place Clove extract on a cotton ball and lay next to tooth between gum and cheek and or rub on the gums. To cure the worst attacks of nausea combine 40 - 80 drops of Clove extract with 40 - 80 drops of Ginger extract in a cup of water and drink. (Do not use Clove Oil in this manner. It is far too strong!) Clove extract raises the body temperature and warms the hands and feet by increasing the circulation. Kidneys are disinfected, as well as the skin, liver, and respiratory surfaces. Hulda Regehr Clark, an American naturopathic physician, shares in her book, "The Cure For All Cancers", that whole cloves kill the eggs of parasites.\* DOSE:A drop on the tongue as needed or desired. For therapeutic activity, 40 drops in cup of water three to four times per day. For severe nausea, combine 80 drops of Clove extract with 80 drops of Ginger Extract in a cup of water and drink. For severe sore throat apply externally to the throat as needed: Clove Extract, Oil of Cajeput and Herbal Adj. (Adjustment) Combination. For the exact procedure of killing the eggs of parasites with whole Cloves, it is recommended you refer to Dr. Clark's Book.\*This product has not been evaluated by the Food and Drug Administration.
